

**WARREN WOODS CHRISTIAN SCHOOL
VACATION POLICY FORM**

Many times a family may choose to pull their children out of school to participate in family vacations. Although the time with the family is valued, some students are unable to recuperate from an extended absence outside of the classroom.

Classroom learning cannot be duplicated with worksheets and reading assignments. The hands-on application, question and answer sessions, and the oral communication is invaluable when learning new concepts.

As children grow older, the skills that are being taught in the classroom become more complex. Many times, parents are unable to explain some of the concepts and students miss out on the opportunity of classroom discussions. Therefore, we ask that you prayerfully consider all of the consequences before pulling your student out of school for vacations.

If you so choose to take a vacation during the school year please understand that the following policy has been implemented to help manage the time of our teachers and not infringe on classroom instruction.

_____ will be leaving school on _____ and

Returning to school on _____. I understand that my student will not receive any work before vacation, but will have the same number of days missed to make up the work.

If additional assistance is needed by the teacher to re-teach a skill, I understand that an appointment can be made after school and a fee per hour will be charged.
